AKA, Mombasa's 9th Diploma graduating class

Average score of 34.4 and over \$4.1 million in Scholarships and Financial Aid

This year's graduating class is the most successful in AKA,M history, scoring an average of 34.4 (last year's average was 32.9) and earning over \$4.1 million in scholarships and financial aid. Without a doubt, this class has given us much to celebrate. Benefiting from the school's

strong Middle Years Programme, 6 of the 9 students scoring above 40 came through our MYP.

With the Aga Khan Academy's clear emphasis on pluralism and ethical leadership, these tremendous students are well equipped to tackle local and global challenges that face our communities now and in the future. Our largest class of 71

graduates has been the most successful cohort in accessing institutions of higher education. These graduates have earned places to study courses ranging from medicine and philosophy, to engineering and actuarial sciences. Our students received offers from prestigious institutions including, Cornell University, King's College London, McGill University, New York University, University College London, University of British Columbia, University of California, Berkeley, University of California, Los Angeles, University of Toronto and Yale University (Singapore campus).

During their Diploma Programme at the Academy, students are mentored to be reflective and action-oriented citizens. Students take a broad range of subjects providing a rich foundation of knowledge and skills, coupled with their CAS, Theory of Knowledge and Extended Essay experiences. Combined, this allows the Diploma Programme at the Aga Khan Academy, Mombasa to remain one of the most rigorous pre-university courses available.

For more information about the Diploma Programme, please email the Vice Principal of the Diploma Programme, Mr. Shouquot Hussain, at shouquot.hussain@agakhanacademies.org.
